SECRETARY TO GOVERNMENT FOOD DEPARTMENT No. To Date 11/12 GPH.

K. Srinivasan, Esq., B.Sc.,

Secretary to Government, Food & Civil Supplies Department, Bangalore.

SIR,

Subject: Ration Census - Bangalore City - continuance of the Ministerial staff -

---

Adverting to Government Order No. SD.1984-A.88-46-4 dated 22nd August 1946 sanctioning the establishment to the Ration Census Office, Bangalore, for a period of 4 months, which expires on 15th December 1946, I have the honour to enclose herewith a copy of the letter No.R.C.815-46 dated 3rd December 1946 from the Chief Ration Census Officer and to state that the Chief Ration Census Officer reports that the several changes in population, as the result of ration census are being directly incorporated in his Office in the counterfoils and index cards of Ration Cards issued recently in the City. So far only 61,331 declarations have been connected with their respective cards out of the 69,576 cards censused. It has also been found very difficult to connect the remaining number of declaration forms with their respective cards as the ration census programme collided with the distribution of fresh cards in the City and a very large number of the residents in the City were still in possession of their old cards on Census date, which have been cited in the declarations made, as the time for the issue of new ration card had been extended till 30th September 1946. The remaining cards also have to be connected with their respective new cards to complete the correction of all the ration cards in the City. The Food Inspectors of the Division have been requested to furnish details in this behalf without which the work of correcting all the

all the cards will not be complete and this will require atleast two weeks extension of the period sanctioned for the ministerial establishment. In addition to the correction of counterfoils and index cards, the work of writing up Assignment Registers of all the distributing centres has also been taken up to facilitate an uptodate maintenance of Ration Card accounts in the City. This work of writing assignment registers of nearly 200 distribution centres is well in progress, but it is stated that this cannot be completed before the end of December 1946. He reports that the cost onvolved is only Rs.391/12/- and this amount will be met out of the savings in the expenditure sanctioned viz., Rs.3,798/- for the ministerial staff of the Central Office and the proposal does not involve any extra cost. He therefore requests that the ministerial and menial establishments may be continued till the end of December 1946.

No. in creases the expense on the menial staff = Rs.30 58 + 740 = Rs.3798/- 15/12

In the circumstances explained by the Chief Ration Census Officer, I request you to kindly obtain the sanction of Government for the continuance of the ministerial and menial establishments of the Chief Ration Census Office, Bangalore City as originally sanctioned, till the end of December 1946.

Sanction of Government may also be kindly obtained to the continuance of Mr. Vazeer Ahmed as Chief Ration Census Officer, Bangalore City till the end of December 1946.

I have the honour to be,
Sir,
Your most obedient servant,

Addl. Director of Food Supplies. 9/12

FORWARDED WITH COMPLIMENTS.

DIRECTOR OF FOOD SUPPLIES.

tgs.4 9/12 9/12

Letter RC.815/46 dated 2nd December 1946 from the Chief Ration Census Officer, Bangalore City to the Director of Food Supplies in Mysore, Bangalore.

Subject: Ration Census Ministerial Establishment.

Adverting to Government Order No.SD.1984/A.88-46-4 dated 22nd August 1946 sanctioning certain temporary executive ~~xmx~~ ministerial and menial staff in connection with the Ration Census in Bangalore City, I have the honour to state that the period of four months sanctioned for the ministerial and menial establishment of my office expires on 15th December 1946 and in this connection I beg to state that, with the kind approval of the Additional Director of Food Supplies, the reductions in population as the result of the recent Ration Census are being, directly, incorporated in this office on the counterfoilds and indexcards of Ration Cards issued recently in the City and in the process of carrying out these corrections it has been found that only 61,331 declarations have been connected with their respective cards out of the 69,576 cards censused. It has been found very difficult to connect the remaining number of declaration form with their respective cards as the Ration Census programme collided with the distribution of fresh cards in the City and a very large number of the residents in the City were still in possession of their old cards on the Census dates which have been cited in the declarations made and the time for issuing of new Ration cards had been extended to 31st September. These declarations obtained on old cards have to be connected with their respective new cards to complete the correction of all the Ration Cards in curculation in the City. The Food Inspectors of Division have been requested to furnish the details in this behalf without which the work of correcting the existing cards will not be complete and this will require atleast two weeks extension of the period now sanctioned for the ministerial establishment of my office, who are only 9 in number. In addition to the correction of counterfoils and indexcards the work of "writing up Assignment

Assignment Registers" of all distribution centres in the City City has also been taken up to facilitate an uptodate maintenance of Ration Card accounts at each distribution centres in the City. This work of writing assignment registers of nearly 200 distribution centres is well in progress and may not be complete before the end of December 1946. In the circumstances stated above, I request your kind approval for the continuance of the ministerial and menial establishment of my office till the end of December 1946 to enable me to finalise the Ration Census work. The cost m involved in the proposal is Rs.391/12/- and this amount will be met out of the savings in the expenditure sanctioned viz., Rs.3,798/-, for the ministerial staff of the Central Office. Even after meeting this additional expenditure there will be a savings of Rs.138/6/- under that particular item of expenditure in addition to the savings on other items of expenditure sanctioned on the non-recurring side and therefore the proposal does not involve any extra cost to Government. In the circumstances, I request that early sanction may kindly be conveyed for continuing the ministerial and menial establishment of my office till the end of December 1946.
